Developer skills

HTML • CSS • JavaScript (ES6) • jQuery • AJAX • Bootstrap • Sass • Ember.js • Handlebars
Ruby on Rails • Express.js • Node.js • Git/GitHub • Mongoose • MongoDB • PostgreSQL

Developer experience

General Assembly - Boston, MA (May 2016 - August 2016)

Participated in a 12-week, 500+ hour project-based web development course. Built and deployed several full-stack web apps using a wide range of technologies. **Projects**

- Commercial Killerr: a user-powered, TV commercial detection full-stack single page application. The front-end incorporates Javascript, HTML, CSS, and Bootstrap. The back-end incorporates Ruby on Rails in a PSQL database.
- Bucket Buddy: a full-stack app that utilizes HTML, CSS, Bootstrap, and Javascript on the front-end and express.js, Mongoose, and MongoDB on the back-end.
- Qtunes: a full-stack app that uses HTML, CSS, Bootstrap, and Javascript in the front-end and Ruby on Rails and PSQL in the back-end.
- Tic-Tac-Toe: a front-end app for playing game Tic-Tac-Toe. HTML, CSS, and Javascript comprise the languages used for development.

Education

- Bachelors of the Arts in English - University of Massachusetts, Boston (2014)

Other Experience

Substitute teacher - Boston Public Schools - Boston, MA (2015) / The Fessenden School - Newton, MA (2015)

- Employed lesson plan and managed classroom

Chess tutor - Chess Wizards, USA - Boston, MA (January, 2014 - January, 2015)

- Instructed 5-12 year olds in Greater Boston as part of after school program. (1 hr classes)
- Planned lessons and learning games for students and coordinated weekly tournaments
- Graded papers and kept track of trophy points for students

Volunteer - Saint Mary's Saint Catherine's of Siena Parish - Charlestown, MA (2012-2013)

& Harvest on Vine food pantry - Charlestown, MA (2007-present)

Skills and Interests

- Writing comedy (featured on www.teamcoco.com) & screenwriting
- Playing chess (game with former reigning American chess champion analyzed in Rocky Mountain News, CO, 3/00)
